Camp Resource Request at a Glance

The completeness of the Resource request form minimizes multiple telephone calls and expedites the approval process. Requests cannot be approved until all information is received. OSD is the only office authorized to make changes to the submitted request, therefore, it is of utmost importance that all address changes, date changes or cancellations are submitted through Military Community Support Programs (MCSP).

Quick Tips:

Before submitting request, review form for completeness by checking the following.

- ✓ **Start and End Dates**– Check that start date has ample time for recruitment. If not, the start date may need to be adjusted.
- ✓ **Branch of Service**- This is the Branch of Service of requestor. For example, if the requestor belongs to Air National Guard, then they should not select Air Force as a branch of service. It should be “Air National Guard” (exception Coast Guard under Title 10 orders will use Navy). Please use the drop down.
- ✓ **Crisis Situation Events**- If this is a Crisis Situation Event, check the dates, as this could be a short notice event. Ensure the type of special circumstances as well as the dates are provided.
- ✓ **Assignment Location**- Review listed city or installation to confirm accurate spelling and if it is already in drop down. Long-term camp resources MUST be associated with an INSTALLATION.
- ✓ **Main and Alternate POCs**-Ensure phone numbers and email are provided. If submitting the request make sure the POC information is correct because if the POC cannot be contacted the request may be cancelled.
- ✓ **Additional Relevant Information Box** -Include any additional information in this box which will help the vendor in filling the camp.
 - Utilization of resources, i.e. agenda/itinerary indicating concurrent briefings, 1:1 counseling or the possibility of sign up for counseling, locations, how many MFLCs are needed and if MFLC is required to meet with children (CYB-MFLC).
 - Explanation of special circumstances pertaining to this unit and justification for the requested resource.
